Securing your world...easily
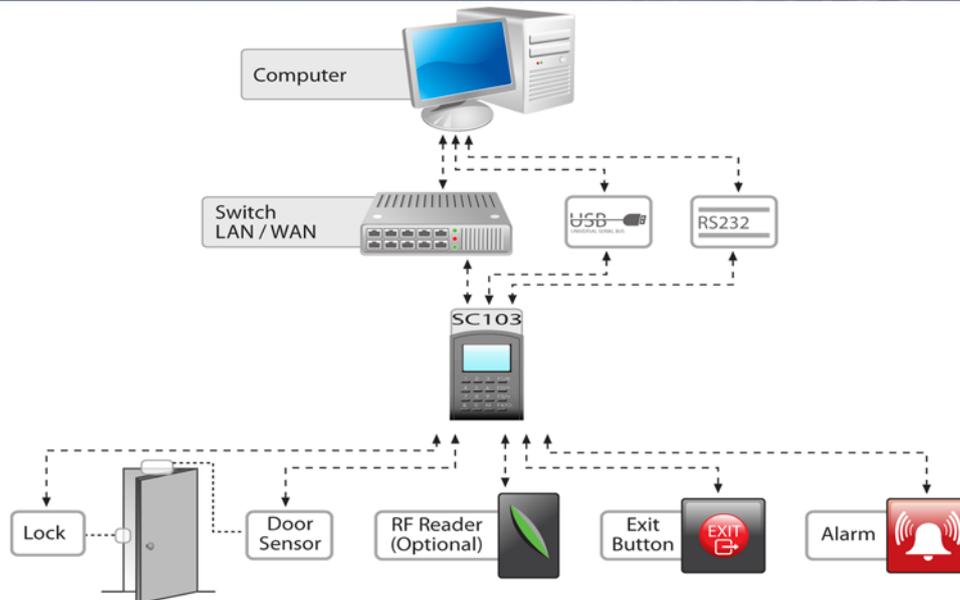

TT 545

RFID Access Control Terminal

USB UNIVERSAL SERIAL BUS | TCP/IP | RFID

Features:

- Rugged casing design
- Easy Installation
- Simple and Conconvenient operation
- RFID card Standard
- Full Door lock system

- Wiegand out
- Audio Prompt feedback
- LED Indicator for Access or Denied
- LCD Screen
- USB Communication

ZKSoftware®
Advanced Biometric and RFID Solutions

Standalone Configuration:

Computer

Switch LAN / WAN

USB

RS232

SC103

Lock — Door — Door Sensor — RF Reader (Optional) — Exit Button — EXIT — Alarm

3rd Party Controller Configuration:

TCP/IP

Access Controller

RS485

Wiegand Output

SC103 — Inside Door

Door Sensor

Lock

SC103 — Outside Door

SC103 — Inside Door

Door Sensor

Lock

Wiegand Output

SC103 — Outside Door

Specifications:

ID Card Capacity :	30 000
Transaction Logs :	50 000
Communication :	TCP/IP, RS232/485, USB-Host
Wiegand :	Input / Output
Display :	LCD / LED
Power :	12V DC
Temperature :	0"C - 45"C
Dimensions :	129.5X95X48.5mm
